

A BIG WAR IN THE STATES

Hundreds of Settlers From Montana and Other Parts of the American Northwest Will Pour Into the Peace River, Says Montana Man who is Now En Route North—Dear Land the Cause of the Blood

"There are hundreds of people all through Montana and the Northwestern States, who have been talking of the Peace River for twenty years and who have made up their mind that this is the year that they must go up if they are to get any of the open land."

This was the statement of F. J. Cravath from Sidney, Montana, who, like hundreds of others of his class, has decided to look over the possibilities of the Peace River and the Peace River, of which he has traveled well north over the continent.

Mr. Cravath has been living for some years in the Lower Yellowstone valley in Eastern Montana, where in the last two years the price of land has risen with the demand. He has come to the Peace River, which is only forty-five miles from him, and now he is on his way north, and is expected to get to the Peace River during the coming season.

For farming, the land is poor, as it is rough and broken, besides suffering constantly from drought. The conditions are pretty unattractive all through Montana, yet the demand for land is terrific. Mr. Cravath says that there will be an unprecedented number of settlers from Montana during the coming season.

To Look Over Country. "I am just going to look over the country over in a general sort of way," said Mr. Cravath, "not to be sure. I want to see what the land is like in winter and if I am satisfied I shall buy up some land. I shall not buy up any stock except a few horses, for

CANADIAN NORTHERN PLANNING A BIG BATTLESHIP OF U.S.

Eighteen Branch Lines to be Erected in Manitoba, Saskatchewan and Alberta—Canadian Northern Railway and Terminal Port on Hudson Bay

Winnipeg, Jan. 17.—Under the name of the Canadian Northern Branch Lines company, the Canadian Northern railway is applying for incorporation with power to build 18 branch lines in Manitoba, Saskatchewan and Alberta.

The Canadian Northern railway has therefore planned the greatest construction season of its history. More branch lines will be built than last season, when over 500 miles were completed. Besides work of great importance in connection with the line with the Great Northern railway, a number of points on the United States boundary line, which will lead direct over the Canadian Northern line to the starting point of the Dominion government's Hudson Bay railway.

The Cowan Construction Company, Limited, of Winnipeg, is applying to the construction of a company for authority to change the name to the Canadian Northern railway, Limited. Two of the original members of the company have sold out their interest to T. C. M. MacKenzie, of MacKenzie for \$100,000. Mr. MacKenzie is the son of the William MacKenzie, president of the Canadian Northern railway company. W. F. Tisdale and Frederick Fox are named on the directorate of the reorganized company.

It is understood that the company will undertake an important contract in the Canadian Northwest between the Pembina and the Rocky mountains, in addition to other contracts in the prairie provinces.

Line West From Port Nelson. The Canadian Northern railway has decided to permit this year for the incorporation of the Canadian Northern railway and Pacific Railway, which proposes to build from Port Nelson to Fort Churchill, and then on to Fort Vermilion on the Peace River, then southward to Peace River, then westward to Laurier, and on to Fort Simpson; also from Port Nelson to Edmonton.

The Alaska and Yukon railway will apply for an extension of its line to the coast, and for legislation to extend 10 per cent. of the amount of the Alaska and Yukon railway for completion in seven years.

The Dominion and Northern railway company will seek incorporation, it will run from the New River, on the coast, to Fort Churchill and Fort Nelson.

Henry Wins First Game. Renfrew, Ont. Jan. 16.—The Renfrew team after four straight defeats, succeeded tonight in knocking out the home team, the Renfrews, by a score of ten goals to five. The score was made by the Renfrews, who struck the Creamery Town with a powerful team and won a victory in a shrewd display of winning, although they showed up well at times.

WIRELESS REPORTS

A TOWN DESTROYED.

Seattle, Jan. 17.—Following is the message which was being sent from Marshallfield, Oregon, to Klamath, and was picked up by the wireless station here early this morning: "Have just been informed that the town of Gardiner, Oregon, is totally destroyed by fire. No doubt many people are in distress. It is almost impossible for us to reach them immediately."

RUMORS INJURE BOND FLOTATION

This is the Report That Montreal Flanigan Bridge Back From Holland

Canadian Associated Press. London, Jan. 17.—According to reports from Montreal, the sailing of the Montserrat on January 21, having returned from Amsterdam, where he has been negotiating for the investment of Dutch capital in the province of Quebec.

Mr. Flanigan, the Canadian Associated Press that the Canadian Land Co., with a capital of a million guineas, had been negotiating for the investment of Dutch capital in the province of Quebec.

The explanation is that they are anxious to get the "high" prices paid by them. The high price at this particular time. The high price at this particular time.

Does Not Want Free Coal. Mr. Flanigan also was after an extension of the telegram times from the Canadian Northern railway, which is a lower one. The imports by Canada of manufactured goods from the United States are a serious matter.

DEACONS WIN FROM THE STRATHCONAS

In exciting struggle, Deacons won from the Strathconas in the University City hockey game last night. The Deacons, who were the favorites, won by a score of 4 to 1.

For the first time in years an Edmonton team has crossed over into the University City and defeated the local hockey team on their own ice. Deacons' victory last evening demonstrated that their superiority over the Strathconas team and won the "shoot-out" and most exciting game of hockey that has ever been played in the Twin Cities. The final score was 4-1, in favor of the Deacons, who, as a body who was present at the struggle can honestly state that the Deacons did not win on their merits.

Fully armed, however, enthusiastic hockey fans were in the stands, and many before the game started to cheer for the Deacons. The Deacons' victory was a real surprise to the Strathconas, who were the favorites. The Deacons' victory was a real surprise to the Strathconas, who were the favorites. CALGARY PROPOSES TO BUILD ITS STREET CARS

Supremacy of Calgary Very Much in Doubt of Progress—Thinking of Building Its Own Street Cars.

Calgary, Jan. 16.—"These cars made in Calgary." That is the slogan that the Calgary Street Car Company is using to attract attention to its proposed street car system.

He has become so convinced of the practicality of it that he has broached the subject to one Calgary firm, who, however, has not yet decided to start yet. It may come in time.

There is no reason why we should go down east for our cars, says Mr. McCauley last night. "I am taken up with the idea myself, and think it is quite within the bounds of reason."

Not Very Much Fossil. "It would require the installation of a little extra machinery, and the hiring of a few additional men."

Cabinet makers, as a rule, make their own cars. "For instance, the new cars we have ordered cost \$110 each and on top of that, there is a freight rate of \$20."

"I quite appreciate that the cabinet makers demand higher salaries here, but the difference in wages would not amount to the transportation of any amount."

Saving in Trucks. "We could also effect a saving in the trucks and steel fittings, by having them shipped in rough, all ready for the process which is technically known as 'sawing down.'"

Another point to consider is that the use of which car bodies are made is a first shipped from Vancouver to the east, then moulded into shape and shipped back here. A saving in lumber would thus be made.

I am confident that any building of a good opportunity for our own manufacturers here. Alberta is rapidly building new lines, and there is a field increasing daily. In some places it can be done in addition to their other industries, if they only cared to take it up."

DEADLOCK FEARED IN SENATORIAL ELECTION. Senator Lodge May Fail To Carry Manitoba Legislature—He Declared.

Beiton, Mass., Jan. 16.—United States Senator Lodge was nominated by acclamation at the Republican caucus today for a fourth term by 125 out of 183 Republican members of the Legislature or House of Representatives.

At the absentee vote was nearly all from the House, it is anticipated that the majority of the dealer's vote will be cast for Mr. Lodge tomorrow, but that the House will be deadlocked.

Whether this deadlock will continue to the joint convention Wednesday noon was a matter of conjecture to all. It was generally admitted that if Mr. Lodge is returned, he will have to receive some Democratic support.

Shepherd L. Whipple, of Brookline, a prominent member of the Legislature, who has never held office but has appeared frequently on the Democratic stump, was selected as Mr. Lodge's opponent.

THREE SUCCESSFUL HOLD-UPS. Hood Agents Near Minneapolis, Rob and Beat Farmers.

Minneapolis, Jan. 16.—Two desperate hold-up agents in the Twin Cities in the space of one hour, severely beating one of their victims with a revolver butt and finally escaping capture after a hot chase by mounted policemen and detectives in automobiles, deputy sheriffs in sleighs and citizen posse on horseback.

The robbers' victims were Thomas Gerrity, a noted farmer, held up and robbed of \$10, beaten with a revolver and left in the snow beside his sleigh; Theodore Bitt, of Lorain, held up and robbed of a watch and \$10; Eugene, a farmer, held up at the point of a gun and carried off the railway tracks because he had no money.

These hold-ups were carried out within a radius of one mile and, in each instance, by a same team of desperadoes wearing jackets and masks made from black mufflers.

AS SUPPLIED TO THE ROYAL PALACE AND HOUSE OF LORDS.

"Halt won the greatest victory!"

What "Old Reserve" Really Means.

Some people judge whisky by its age only. It must be remembered that the advance in the price of the whisky, as the age advances, only represents the interest of money on the original cost of whisky and an allowance for the loss by evaporation while in the wood.

There is an age at which whisky is at its best for practical consumption—and experience has demonstrated that:

SANDY MACDONALD Special Favourite Scotch Whisky (10 Years Old)

at the GUARANTEED AGE OF TEN YEARS is perfectly matured and vastly superior—though less expensive—than the 20 or 30 years old "Reserve".

Connoisseurs know that whiskies when aged for too long a period become too strong, too "muddy" to be digestible.
